THE VOICE OF WHITE YOUTH!

NEW DAWN

Editor's Voice

HELLO AND WELCOME to Issue 12 of *The Truth At Last* and its new format. We hope you like it and continue to support the Voice of White Youth.

We have all the latest in Nationalist record reviews, Lyric Board, your letters (keep them coming), an interesting article on drugs, and a readers poll, which we hope you will fill in and send back to us.

Well, read on and remember that we are playing our part, and hope that you will too in our fight for race and nation.

For Truth and Justice,
The Editor.

STAY CLEAN

THE NATIONALIST music scene has always been a drug-free set up, unlike nearly all other music groups that are promoted by the establishment. We must ensure that it stays this way.

Drugs are just another part of the saturation of apathy and ignorance imposed on us from our early days of life.

Nationalists should know that we don't need this kind of filth. Leave the drugs for the Blacks, the Asians and the weak.

We must stay strong in ideals and strong in outlook. With clear minds and unity of brotherhood we can march forward with diginity and strength.

The road to drugs is a downward path along with the degredation of this society, we must prove that we can rise above their weakness, and when judgement day comes, those who spread the poison will get what they deserve.

STRENGTH THRU JOY!

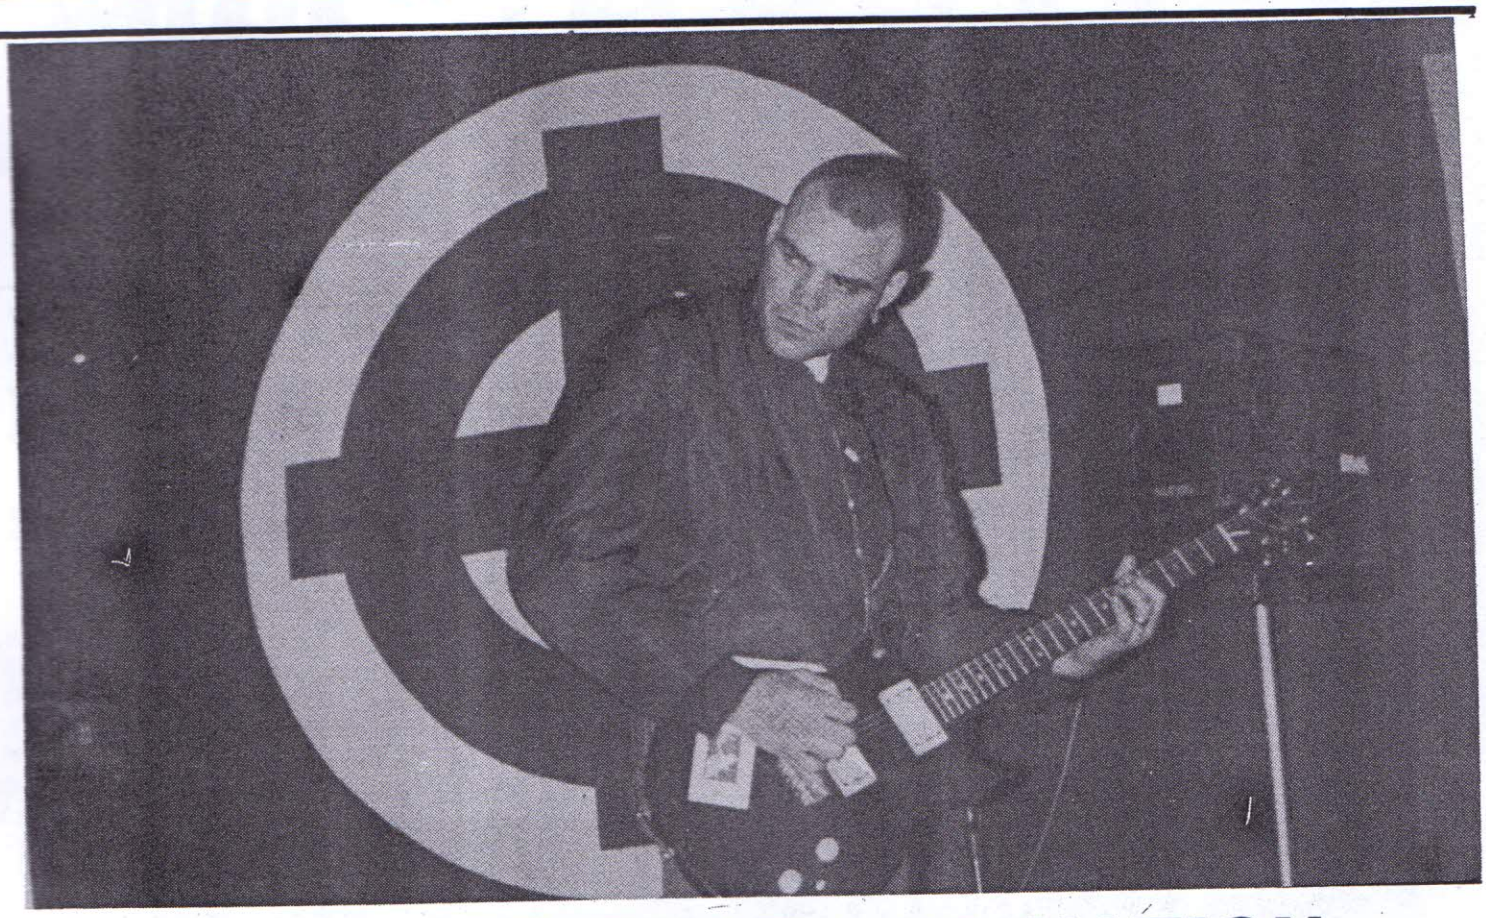
RECORD REVIEWS



ROCKING FOR RACE AND NATION

AFTER THE FIRE

★

SKREWDRIVER

***"After the Fire"* is in the same vein as the last Skrewdriver Lp *"White Rider"* but with more aggressive vocals which could be compared with that of the *Blood & Honour* LP.**

The songs that stand out are the brilliant *46 Years* and a great track entitled *Time of Change* a song about a certain pair of 'NF' poofs, with a nice bounty tune.

Also recorded at the same time as the LP is the first single to go out on the new ***White Pride*** record label. The song is a very powerful tune with venomous lyrics. The single is entitled ***Race War***.

If you enjoyed ***'White Rider'*** you'll definitely like ***After the Fire***.

★

BRUTAL ATTACK

More than three years after the release of *Stronger Than Before* (Brutal Attack's debut LP) the Mitcham crew are back on vynal.

It is very much changed days for Brutal Attack, from the early days of *Living For Kicks* through days of Oi and now churning out heavy rock with the best of them.

Lyrically this LP is more professional than their previous vynal offerings and the music is more easily defined and styled.

All tracks are new releases except an excellent version of Free's *Alright Now* the most outstanding being *Through the Darkness* and the emotionally stirring song *European Unity*.

A must for all RAC fans and people with a taste for good music.

SEE YOU IN VALHALLA

RECORD REVIEW

From the non-conformist shocker of an LP *This Time the World*, No Remorse have managed to improve musically while still retaining their provocative, aggressive vocals.

This LP has a bit of something for everyone from the up-beat Rock'n'Roll of *What's it all About* to the catchy and tunefull *Play the Winning Hand* and the sheer power of *Son of Odin*.

The title track has some really gripping words and underlines the bands dedication to the cause of salvation of our race and country.

If you haven't got *This Time the World* then you don't know what you have been missing. *See you in Valhalla* is a great LP and must rank alongside other classic nationalist records.

LYRIC BOARD

See You in Valhalla

Young Warrior, with heart of pride,
Goddess of fate, by his side,
Out to fight for kith and kin,
A rage of Odin to force his win,
He raised his sword, he slayed his foe,
Brought to the ground by an enemy bow
I saw that great warrior fall
This is what I heard him call.

Chorus
I stood by my people, and my peoples' needs,
And if a man is judged by his deeds,
Then I'll see you in Valhalla.

Fresh faced man, engaged in war,
With the fight of courage, the fight of Thor,
Out to defend the Fatherland,
From those invading alien man,
The time has come to leave this place,
He fought and died for the love of his race,
You know, that great soldier fell,
This is what I heard him yell.

Chorus

Fighting those with flag of red,
Among the crowd a true skinhead,
Fists of steel, heart of gold,
A man so loyal, a man so bold,
Fighting foes of filth and hate,
This is when he met his fate,
On the street, I saw him die,
This is what I heard him cry.

Chorus

The spirit of warriors gone,
Is with me now, and it does belong,
With those courageous, proud and true,
Who knows just what they've got to do
So learn the lessons of those gone by,
I'll do my best, and I will try,
And if the Valkyries come one day,
This is what you'll hear me say.

Chorus

No Remorse - Doing it Live!

★ NEWS AT LAST ★

New bands are sprouting up all over the place and showing allegiance to *Blood & Honour*. Newest recruits are up and coming Berkshire band "The Overlords" who have a demo tape out shortly.

★

No Remorse release two singles, the first is *Smash the Reds / Sword of Defiance* on 'Rebelles Europeens' and the second is a double A-side *Bring it Back / What's it all About (Extended)*. This being on the Rock-o-Rama label.

No Remorse tell us *Bring it Back* is about scum like the bloke who was let off after raping his daughter, all these scum, including the judges, should be hung, that's why we think that the rope is the answer, Bring it Back!

★

Contrary to the rumours put about by certain White Noise non-entities *Blood & Honour* is going well and have increased their circulation by 20%. *TAL* wish *Blood & Honour* all the best in the future. We have total faith in *B & H.*

★

After the cancellation of the summer R.A.C. gig, promoters have promised to ensure tight security to get around the problem of victimisation by the police and other scum who want to see our gigs called off! We won't be beaten.

★

Sudden Impact have signed up a new guitarist, who also plays with South East London's "Squadron". With his help they have recorded a new single for White Pride Records entitled 'White Stags'.

★

Brutal Attack have replaced their guitarist Sean with a skinhead from Jersey called Will. His performance at the recent Brutal Attack / No Remorse gig proved he can hold his own in a band destined for glitter-dom.

★

No Remorse have replaced their drummer 'Stew' with ex-Skrews sticksman 'Rob' who has proved his worth with some excellent drumming on the new 'N.R.' LP *"See You in Valhalla"*.

Watch out for the new Public Enemy LP *There's only one Public Enemy"*, it features some great songs especially *For You* a definite classic reminiscent of Dire Straits and poetic Nationalist lyrics.

Also released at the same time on 'Rebelles Europeens' label is a *Public Enemy 7"* with a brilliant version of Elton John's *Saturday Night's alright for Fighting.*

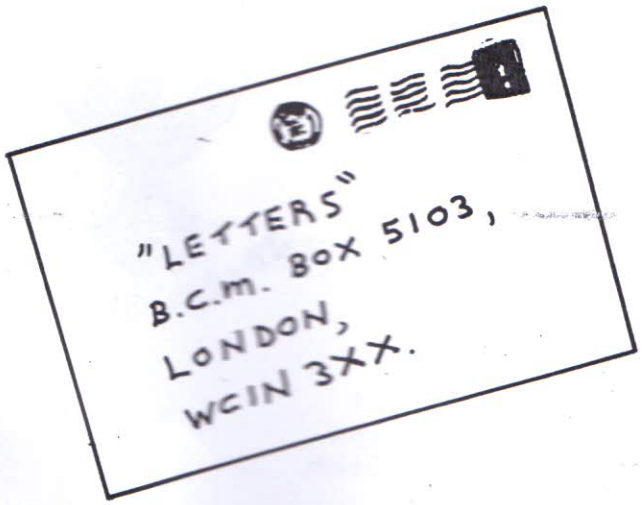
★

There will be a big *'Blood & Honour' concert in January featuring Skrewdriver, Brutal Attack, and No Remorse, for more concert info contact Blood & Honour,* BM Skrewdriver, London WC1N 3XX. Enclosing a S.A.E.,

★

Lastly and leastly, Fanzines to definitely give a miss are "Welsh Leak", "British Oi" and "Cry (I was a Nazi once) Havok". They are all White Noise smear sheets who probably get financed by the "I love Gadaffi" Front.

LETTERS



All letters should be addressed as follows
"Letters",
BCM Box 5103, London WC1N 3XX.

The first letter comes from Bob Miles, X-Klan leader whose writings are an inspiration to all Nationalists. At the time of writing Bob was at Fort Smith, Arkansas, where the U.S. Zionist Government was trying to prosecute 14 Nationalists (including Bob Miles) for attempting to overthrow the Government.

Gladly I can tell you the Zionist plan fell flat on its face and the Nationalists were not prosecuted that day.

Hello Comrades,

Thank you for the 'Truth At Last', enclosed is our new bumper sticker (No Remorse).

Every music has its own hour. I enjoy all kinds of music - and respect the right of each, to choose the beat they march to.

I am now at Fort Smith - 1100 miles from home. One can almost smell the smoke and hear the crackling of the flames as the Jew-Federal Satanists prepare the stakes for us.

We are the heretics of this age, Race is our religion, God sent us to fight for our folk and this hour of trial.

Those who stand with us in our hour of torment shall stand with us in our hour of Triumph!

Dear 'Truth At Last',

Dear TAL,

I sent off £7.00 to 'White Noise' for a Skullhead LP more than 8 months ago, I've sent letters but received no reply, What should I do? Any ideas?

Skinhead Regards,
John, Lincoln.

Editor: Boycott White Noise, Blood & Honour is the one you want. White Noise is dying. B & H is rising.
